HOW TO SUPPORT LOCAL

SPREAD THE WORD

Tell your friends and family all about the wonderful items you've seen at your favourite local shops! You might just encourage someone else to buy local.

LEAVE A REVIEW

Let a business know if you've had a positive experience by sharing it on their Facebook, Google, or social media pages. Your positive review may convince another shopper to check out the business.

INTERACT WITH THEIR SOCIAL MEDIA

When you see a post you like from a local business, give it a like or even a share! Comment on Facebook posts or interact with Instagram stories. Stay engaged with their social media.

HOW TO SUPPORT LOCAL

THANK
YOU!

SAY THANK YOU

It's a busy time of year. Show your appreciation to local businesses by simply saying thank you. Send a thank you note or even just a simple gesture will go a long way.

BUY GIFT CARDS

Buying gift cards to local businesses is a great way to support them and encourage others to shop there too! It's also a great way to allow your loved ones to find something they love, locally.

HOW TO SUPPORT LOCAL

VOLUNTEER

Small business owners work hard year-round to provide their customers with quality service. Volunteer your time to help them do the little things that go a long way, like stocking shelves or tidying up.

CHOOSE LOCAL

When thinking of gifts for your loved ones, think about your local options before checking out the big corporate retailers. Choose to support your own community business..

WHY SHOP LOCAL?

LOCAL ECONOMY

Supporting local puts money back into the economy of your community, not only by making purchases but by sustaining employment as well!

CUSTOMER SERVICE

To corporate retailers, you just another number. But to your local business, you are a valued customer. You will receive much better service from a business that knows you personally.

COMMUNITY

Local businesses are owned by people from your very own community. They could be a family member, a friend or even your neighbour!

GIVING BACK

Many local enterprises donate and support other local organizations, like sports teams and schools. Show them your appreciation by supporting them in return.

As the holiday season approaches everyone is looking for that special gift. Store owners will begin scrambling to get the word out about their sales. The holiday season can be fun, but it can be busy and sometimes hectic. This guide was designed to help you find that incredibly thoughtful and unique gift. And to give you the good feeling of supporting a small business.

Thank you to the Lower North Shore businesses who listed their business, and to Honlee Etheridge, Manager of Marketing and Communications for organizing and preparing the Local Holiday Gift Guide, and to the team at the Northern Research Center for their support.

The Coasters Association would like to wish everyone a Happy Shopping Season.
